INDEX TO PARTS

No. 1 January	1-32
No. 2 February	33-64
No. 3 March	65-96
No. 4 April	97-128
No. 5 May	129-160
No. 6 June	161-192
No. 7 July	193-224
No. 8 August	225-256
No. 9 September	257-288
No. 10 October	289-320
No. 11 November	321-352
No. 12 December	353-384

A

Africa, Southeastern Coastal Belt, a case study of the cloud seeding potential of	208
Africa, sub-Saharan, <i>cannabis sativa</i> in	266
African elephant, genetic differentiation of in the Kruger National Park	245
Agulhas Current, topographic Rossby waves in	212
Air of South African cities, identification of polynuclear hydrocarbons in	24
Albinism in the Cape Ground Squirrel <i>Xerus inauris</i>	315
Algal bioassay responses of <i>Selenastrum capricornutum</i> and <i>Microcystis aeruginosa</i> , comparison of	75
Algal bioassays, continuous culture	277
<i>Alloteropsis semialata</i> , the significance of the occurrence of both Kranz and non-Kranz leaf anatomy in the grass species	169
Anticipatory resistance breeding to <i>Peronospora tabacina</i>	349
APPLETON, C. C.	145
Application of particle model theory of reflectance spectroscopy to sample consisting of smooth-surfaced spherical particles	219
Application of the froth flotation process to Kruger Cave Deposit	375
Areolae, disclinations and other pattern defects in the array of in the diatoms <i>Thalassiosira eccentrica</i> and <i>T. symmetrica</i>	214
Australopithecine pebble of many faces from Makapansgat	167

B

Baboon, histological investigation of the hypophysis cerebri of the <i>Papio ursinus</i>	18
Baboon, the role of globule leucocytes in the initiation of rephrocalcinosis in	249
Baboons, Chacma, blood group antigens in, using isoimmune sera	23
Bacteria, cathodic depolarization by sulphate-reducing	202
BANG, N. D. & HARRIS, T. F. W.	212
BARLOW, D. J. & LEE, R. E.	310
Beer, use of a projective technique to assess brand image: an experimental study with South African brands	211
BEIGHTON, P. <i>et al</i>	281
Benthaminian, interrelationships of, a novel peltogynoid from <i>Distemonanthus benthamianus</i> Baillon	21
BIBBY, D. M. <i>et al</i>	377
Bilharzia transmission patterns, population fluctuations of five fresh-water snail species in the Eastern Transvaal Lowveld, and their relationship to	145
Black factory workers in South Africa, job expectations of	150
Blood group antigens in Chacma baboons using isoimmune sera	23
Blood of <i>Callorhynchus capensis</i> Dumeril, composition of	74
Blood of <i>Labeo</i> species, regulation of oxygen binding power of	314
BOEKKOOI, S. <i>et al</i>	279
Bone electrical conduction through the fluid-filled ultrastructure of	198
BOTES, H. <i>et al</i>	231
BRAIN, C. K.	303
Brand image, use of a projective technique to assess; an experimental study with South African brands of beer	211
Broederstroom, personal ornament in the early Iron Age of the Transvaal: new discoveries at	218
BROWN, A. C. <i>et al</i>	74
BRUWER, M. J. <i>et al</i>	75
<i>Bulbulcus ibis</i> , predation on the cattle egret and masked weaver by the vervet monkey	157
BULL, J. R.	174
Burial from the Riet River, note on a date for	271
Bushman skeletal remains from Munro and Rietpan Sites, Vaal-Limpopo Basin	376
Bushmen, last Stone Age San of the Vaal-Limpopo Basin	375

C

Calcium mobilization in heart muscle mitochondria, ultrastructural studies of	279
<i>Callorhynchus capensis</i> Dumeril, composition of the blood of	74
Cancer and differentiation, the temporal response of the dynamic cell to disturbances and its possible relationship to	234
<i>Cannabis sativa</i> in sub-Saharan Africa	266
Cape, Northern, the occurrence of ostrich egg shells filled with specularite	48

Cape, Southern, Forest Region, conservation management of the indigenous forest in	49
Cape ground squirrel <i>Xerus inauris</i> , albinism in	315
Cape Province, extensive glacial pavement of Dwyka Age near Douglas	44
Cape Province, South-eastern, the fauna of Scott's Cave, Gamtoos Valley	186
Case study of the cloud seeding potential of the southeastern coastal belt of Africa	208
Cathodic depolarization by sulphate-reducing bacteria	202
Cattle egret and masked weaver, predation on by the vervet monkey	157
Cell, the temporal response of the dynamic, to disturbances and its possible relationship to differentiation and cancer	234
Cell culture, hydroxyproline formation independent of collagen synthesis by fibroblasts in	231
Cell research, some questions on	227
<i>Cercopithecus aethiops</i> , predation on the cattle egret and masked weaver by the vervet monkey	157
Chacma baboons, blood group antigens in, using isoimmune sera	23
CHAPMAN, J. R. & ORR, W. N.	247
CHURMS, S. C. & STEPHEN, A. M.	275
Ciliate protozoa and aspects of the nutrition of the hippopotamus in the Kruger National Park	107
Cloud seeding potential of the southeastern coastal belt of Africa	208
Cold store, moisture loss of raw meat in	76
Collagen synthesis, hydroxyproline formation independent of, by fibroblasts in cell culture	231
Coming to terms with computers	3
Comparison of the algal bioassay responses of <i>Selenastrum capricornutum</i> and <i>Microcystis aeruginosa</i>	75
Composition of the blood of <i>Callorhynchus capensis</i> Dumeril	74
Computerised interpretation of ERTS-1 data in South Africa	114
Computers, coming to terms with	3
Conservation management of the indigenous forest in the Southern Cape forest region	49
Continuous culture algal bioassays	277
COOK, P. A. <i>et al</i>	74
COSTELLO, J. A.	202
Creatures with both human and animal physical features depicted in the rock paintings of Southern Africa	13
Criteria, universally acceptable, for evaluating teaching and learning	275
Crystal field interpretation of the infrared spectra of metal complexes	70, 110
Cucurbit powdery mildew, methods of assessing in terms of fungicide evaluation	7

D

Danian (Palaeocene) marine rocks at Richards Bay, South Africa	247
DARRACOTT, B. W.	40
DART, R. A.	167
DASMANN, R. F.	262
Date for a burial from the Riet River	271
Design of a steroid synthons	174
Determination of the values of gravity at the S. A. Fundamental Stations and recommendations for the adoption of Standard Absolute Values	40
DE VILLIERS, H.	376
Diamonds, natural, oxygen in	377
Diatoms <i>Thalassiosira eccentrica</i> and <i>T. symmetrica</i> , disclinations and other pattern defects in the array of areolae in	214
Diazo colour composites of ERTS and multispectral photography	185
Die Kelders Cave and environs, the geology of	365
Differentiation, genetic, of the African elephant in the Kruger National Park	245
Differentiation and cancer, the temporal response of the dynamic cell to disturbances and its possible relationship to	234
Disclinations and other pattern defects in the array of areolae in the diatoms <i>Thalassiosira eccentrica</i> and <i>T. symmetrica</i>	214
Disease, the taxonomy of	69
<i>Distemonanthus benthamianus</i> Baillon, interrelationships of Benthaminian, a novel peltogynoid from	21
Dormancy in seeds of <i>Strelitzia Ait</i>	216
Douglas, Cape Province, extensive glacial pavement of Dwyka Age near	44
DOWNING, H. J. <i>et al</i>	23

Drakensberg, Natal, reasons for the non-occurrence of Middle Stone Age material in	273
<i>Drosera aliciae</i> Hamet, evidence for nitrate reductase activity in the carnivorous plant	156
DU BRUYN, D. B. & LIEBENBERG, N. V. D. W.	249
DU PLESSIS, L. M. & VLADAR, S.	183
DU TOIT, B. M.	266
Dwyka Age, extensive glacial pavement of near Douglas, Cape Province	44
DYER, T. G. J.	180
Dynamic cell, the temporal response of, to disturbances and its possible relationship to differentiation and cancer —	234

E

Early Iron Age of the Transvaal: new discoveries at site 24/73, Broederstroom, Transvaal, South Africa	218
Early Iron Age site at Klein Afrika near Wylliespoort, Soutpansberg Mountains, South Africa	271
Educational technology, a future for ?	99
Effect of heating and reprecipitation of polymer fractions in fractionation by non-solvent addition	118
Effect of student-based curriculum development of student performance and attitude	103
Electrical conduction through the fluid-filled ultrastructure of bone	198
Elephant, African, genetic differentiation of in the Kruger National Park	245
ELLIS, R. P.	169
ELPHINSTONE, C. D. <i>et al</i>	360
Energy in South Africa	195
ENGELBRECHT, J. P. <i>et al</i>	21
Environment, learning about	35
ERIKSSON, C.	198
ERTS, diazo colour composites of and multispectral photography	185
ERTS-1 data in South Africa, computerised interpretation of	114
Evaluating teaching and learning; universally acceptable criteria for	275
Evidence for nitrate reductase activity in the carnivorous plant <i>Drosera aliciae</i> Hamet	156
Experimental Biology Group, abstracts of 1974 Scientific Meetings	252, 284, 379

F

Factory workers, Black, in South Africa, job expectations of	150
Fauna of Scott's Cave, Gamtoos Valley, Southeastern Cape Province	186
FESQ, H. W. <i>et al</i>	377
Fibroblasts in cell culture, hydroxyproline formation independent of collagen synthesis by	231
FINDLAY, G. H.	69
FINK, W. & VAN DER PIEPEN, H.	370
Flora, new Permian <i>Glossopteris</i> from Natal	154
Forest, indigenous, in the Southern Cape forest region, conservation management of	49
Fractionation by non-solvent addition, effect of heating and reprecipitation of polymer fractions in	118
Frequency distribution of annual precipitation totals for South Africa	180
Fresh-water snail species in the Eastern Transvaal Lowveld, population fluctuations of and their relationship to known bilharzia transmission patterns	145
FRIEDE, H.	375
Froth flotation process to Kruger Cave deposit, application of	375
FRYXELL, G. A. & HARRIS, W. F.	214
Future for educational technology, a ?	99

G

Gamtoos Valley, Southeastern Cape Province, the fauna of Scott's Cave	186
GARSTANG, M. <i>et al</i>	208
Genetic differentiation of the African elephant in the Kruger National Park	245
Genus <i>Mus</i> , new mammal record for Southern Africa	315
Geology of Die Kelders Cave and environs	365
GILBERT, D. A.	234
GILBERTSON, B. & LONGSHAW, T. G.	114
Giraffe, a note on the seasonal utilisation of different vegetation types by	122
Glacial pavement of Dwyka Age near Douglas, Cape Province	44

GLASSER, D. <i>et al</i>	10
Globule leucocytes, the role of in the initiation of nephrocalcinosis in the baboon	249
<i>Glossopteris</i> Flora, new Permian, from Natal	154
GORDON-GRAY, K. D. <i>et al</i>	154
GORTER, G. J. M. A.	7
Grass species <i>Alloteropsis semialata</i> , the significance of the occurrence of both Kranz and non-Kranz leaf anatomy in	169
Gravity, determination of the values of at the S.A. Fundamental Stations and recommendations for the adoption of Standard Absolute Values	40
GRAY, K. D. Gordon <i>see</i> GORDON-GRAY, K. D.	
Green Algal <i>Selenastrum capricornutum</i> Printz, half saturation constant for nitrogen — limited growth of	75
GROVES, J. E.	296

H

Half saturation constant for nitrogen-limited growth of the Green Alga <i>Selenastrum capricornutum</i> Printz	75
HALL-MARTIN, A. J.	122
HARDY, R. <i>et al</i>	141
HARRIS, T. F. W. & BANG, N. D.	212
HARRIS, W. F. & FRYXELL, G. A.	214
HATTINGH, J.	120
HATTINGH, J. & VAN PLETZEN, A. J. J.	314
HAYWOOD, G. P. <i>et al</i>	74
Heart muscle mitochondria, ultrastructural studies of calcium mobilization in	279
Heating and reprecipitation of polymer fractions in fractionation by nonsolvent addition, effect of	118
Hebb-Williams water-maze, performance on as a function of water temperature	347
HEFFRON, J. J. A. <i>et al</i>	46
HENDRIKZ, B. & SMALL, J. G. C.	156
Hepatic nuclear endodeoxyribonucleases as influenced by administration of carbon tetrachloride and partial hepatectomy	205
HEPBURN, H. R. <i>et al</i>	46
Hippopotamus in the Kruger National Park, ciliate protozoa and aspects of the nutrition of	107
Histological investigation of the hypophysis cerebri of the baboon	18
HOF, J. OPT <i>see</i> OPT HOF, J.	
Holocephali, composition of the blood of <i>Callorhynchus capensis</i> Dumeril	74
Hottentot community in South West Africa, serum uric acid levels in	281
Human food remains from the Iron Age at Zimbabwe	303
HUMPHREYS, A. J. B.	48, 271
HUMPHREYS, A. J. B. & STRATTEN, T.	44
HUSON, M. G. <i>et al</i>	118
Hydrocarbons in the marine ecosystem	141
Hydroxyproline formation independent of collagen synthesis by fibroblasts in cell culture	231
HYMAN, K. L. <i>et al</i>	75
HYSLOP, J. M.	259

I

Identification of polynuclear hydrocarbons in the air of South African cities	24
Image processing methods facilitating information extraction	370
Indigenous forest in the Southern Cape forest region, conservation management of	49
Industrial labour in South Africa, regionalization of	215
Information extraction, image processing methods facilitating	370
Infrared spectra of metal complexes, a crystal field interpretation of	70, 110
Interrelationships of Benthaminian, a novel peltogynoid from <i>Distemonanthus benthamianus</i> Baillon	21
Interspecific bridge transfer in <i>Nicotiana</i> of resistance to <i>Meloidogyne javanica</i>	312
Iron Age at Zimbabwe, human food remains from	303
Iron Age of the Transvaal, personal ornament in the Early	218
Iron Age Site at Klein Afrika near Wylliespoort, Soutpansberg Mountains, South Africa	271
Isolation and identification of α -eleostearic acid in the kernels of Sand-Apple and Mobola Plum	183
Isolation of <i>Microcystis</i>	179
Isotopic contents of some Transvaal speleothems and their palaeoclimatic significance	135

J

JENKINS, T. <i>et al</i>	360
Job expectations of Black factory workers in South Africa	150
JOFFE, I. <i>et al</i>	46

K

KEMPF, P. G. <i>et al</i>	205
Kinetics, liquid phase, thermal determination of	10
<i>Klebsiella</i> exopolysaccharides, release of pyruvic acid on mild acid hydrolysis of	275
KLEIN R. G. & SCOTT, K.	186
Klein Africa, early Iron Age Site	271
KOEPPEN, B. H. & VAN WYK, P. S.	121
Kranz and non-Kranz leaf anatomy in the grass species <i>Alloteropsis semialata</i> , the significance of the occurrence of	169
Kruger Cave, Olifantsnek, Rustenburg District, Later Stone Age plant remains from	376
Kruger Cave deposit, application of the froth flotation process	375
Kruger National Park, ciliate protozoa and aspects of the nutrition of the hippopotamus in	107
Kruger National Park, genetic differentiation of the African elephant in	245

L

<i>Labeo</i> species, regulation of oxygen binding power of blood of ..	314
Labour, industrial, regionalization of in South Africa	215
LACEY, W. S. <i>et al</i>	154
Land use and society	262
Last Stone Age San (Bushmen) of the Vaal-Limpopo Basin	375
Later Stone Age plant remains from Kruger Cave, Olifantsnek, Rustenburg District	376
Learning about the environment	35
Learning and teaching, universally acceptable criteria for evaluating	275
LEE, R. E. & BARLOW, D. J.	310
LIEBENBERG, N. <i>et al</i>	279
LIEBENBERG, N. V. D. W. & DU BRUYN, D. B.	249
Liquid phase kinetics, thermal determination of	10
LONGSHAW, T. G. & GILBERTSON, B.	114
LOUW, C. W.	24
LUCAS, L. J. G. <i>et al</i>	118
LUTEREK, J.	76

M

McGEE, O. S.	119
McGILL, W. J. <i>et al</i>	118
MacKIE, P. R. <i>et al</i>	141
Makapansgat, the waterworn Australopithecine pebble of many faces from	167
MALAN, E. <i>et al</i>	21
MALAN, O. G.	185
Mammal record for Genus <i>Mus</i> for Southern Africa	315
MAPPLEDORAM, B. & THERON, E. P.	38
Marine ecosystem, hydrocarbons in	141
Marine rocks, Danian (Palaeocene), at Richards Bay, South Africa	247
MARTIN, A. J. H. see HALL-MARTIN, A. J.	
Masked weaver and the cattle egret, predation on by the vervet monkey	157
MASON, R. J.	375, 376
Measurement of transepidermal water loss	120
Meat, raw, moisture loss in a cold store	76
Mechanical defensive mechanism of a sea cucumber	46
<i>Meloidogyne javanica</i> , interspecific bridge transfer in <i>Nicotiana</i> of resistance to	312
Metabolism, structure and function in	51, 78
Metal complexes, a crystal field interpretation of the infrared spectra	70, 110
Methods of assessing cucurbit powdery mildew in terms of fungicide evaluation	7
MEYER, J. H. F.	103, 275
<i>Microcystis</i> , the isolation of	179
<i>Microcystis aeruginosa</i> and <i>Selenastrum capricornutum</i> , comparison of the algal bioassay responses of	75
Middle Stone Age material in the Natal Drakensberg, reasons for the non-occurrence of	273
Mildew, cucurbit powdery, methods of assessing in terms of fungicide evaluation	7

Mining degraded land, reclamation of	296
Mobola Plum and Sand-Apple, isolation and identification of α -eleostearic acid in the kernels of	183
Moisture loss of raw meat in a cold store	76
Monkey, vervet, predation on the cattle egret and masked weaver by	157
MOSKOWITZ, S. <i>et al</i>	208
Mseleni joint disease: population genetic studies	360
Multispectral photography, diazo colour composites of ERTS and	185
Munro and Rietpan Sites, Vaal-Limpopo Basin, San skeletal remains from	376

N

Nama (Hottentot) community in South West Africa, serum uric acid levels in	281
Natal, new Permian <i>Glossopteris</i> flora from	154
Natal, potential for radical improvement of the veld and fortification of established pastures	38
Natal Drakensberg, reasons for the non-occurrence of Middle Stone Age material in	273
Natural diamonds, oxygen in	377
Nephrocalcinosis, the role of globule leucocytes in the initiation of, in the baboon	249
<i>Nicotiana</i> of resistance to <i>Meloidogyne javanica</i> , interspecific bridge transfer in	312
Nitrate reductase activity in the carnivorous plant <i>Drosera aliciae</i> Hamet, evidence for	156
NOURSE, L. D. <i>et al</i>	231
NOURSE, P. N. <i>et al</i>	231
NURSE, G. T. <i>et al</i>	360
Nutrition of the hippopotamus in the Kruger National Park ciliate protozoa and aspects of	107

O

Occurrence of ostrich egg shells filled with specularite in the Northern Cape	48
Olifantsnek, Rustenburg District, Later Stone Age plant remains from Kruger Cave	376
OPT HOF, J.	245
Ornament, personal, in the Early Iron Age of the Transvaal: new discoveries at Broederstroom, Transvaal	218
ORPEN, C.	150
ORPEN, C. & OWEN, S.	211
ORR, W. N. & CHAPMAN, J. R.	247
OSTERHOFF, D. R. <i>et al</i>	245
Ostrich egg shells filled with specularite in the Northern Cape	48
OWEN, S. & ORPEN, C.	211
Oxygen binding power of blood of <i>Labeo</i> species, regulation of ..	314
Oxygen in natural diamonds	377

P

<i>P. Curatellifolia</i> Planch. ex. Benth. sens. Lat., isolation and identification of α -eleostearic acid in the kernels of	183
P-Hydroxybenzoylcalleryanin: an antifungal substance in the root bark of <i>Protea cynaroides</i>	121
Palaeocene, Danian marine rocks at Richards Bay, South Africa	247
<i>Papio ursinus</i> , histological investigation of the hypophysis cerebri of the baboon	18
<i>Papio ursinus</i> , the role of globule leucocytes in the initiation of nephrocalcinosis in the baboon	249
<i>Papio ursinus</i> Kerr, blood group antigens in Chacma Baboons using isoimmune sera	23
<i>Parinari capense</i> Harv., isolation and identification of α -eleostearic acid in the kernels	183
Particle model theory of reflectance spectroscopy to sample consisting of smooth-surfaced spherical particles	219
PARTRIDGE, T. C. <i>et al</i>	135
Pastures, fortification of in Natal	38
Peltogynoid, interrelationships of Benthaminin, from <i>Distemonanthus benthamianus</i> Baillon	21
Performance on the Hebb-Williams water-maze as a function of water temperature	347
Permian <i>Glossopteris</i> Flora from Natal, new	154
<i>Peronospora tabacina</i> , anticipatory resistance breeding to	349
Personal ornament in the Early Iron Age of the Transvaal: new discoveries at site 24/73, Broederstroom, Transvaal, South Africa	218

Photography, multispectral, diazo colour composites of ERTS and	185	Seasonal utilisation of different vegetation types by Giraffe	122
PIENAAR, J. N.	376	Seeds of <i>Strelitzia Ait.</i> , dormancy in	216
PITOUT, M. J. <i>et al</i>	205	<i>Selenastrum capricornutum</i> and <i>Microcystis aeruginosa</i> , comparison of the algal bioassay responses of	75
Plant remains, Later Stone Age from Kruger Cave, Olifantsnek, Rustenburg District	376	<i>Selenastrum capricornutum</i> Printz, half saturation constant for nitrogen-limited growth of the green alga	75
<i>Ploceus velatus</i> , predation on the cattle egret and masked weaver by the vervet monkey	157	SELLSCHOP, J. P. F. <i>et al</i>	377
POCOCK, T. N.	315	Serum uric acid levels in a Nama (Hottentot) community in South West Africa	281
Polymer fractions in fractionation by non-solvent addition, effect of heating and reprecipitation of	118	Significance of the occurrence of both Kranz and non-Kranz leaf anatomy in the grass species <i>Alloteropsis semialata</i>	169
Polynuclear hydrocarbons, identification of in the air of South African cities	24	SIMMONS, E. L.	219
Population fluctuations of five fresh-water snail species in the Eastern Transvaal Lowveld, and their relationship to known bilharzia transmission patterns	145	Skeletal remains, San, from Munro and Rietpan Sites, Vaal-Limpopo Basin	376
Potential for radical improvement of the veld and fortification of established pastures in Natal	38	SKINNER, J. D. & C. P.	157
Predation on the cattle egret and masked weaver by the vervet monkey	157	SMALL, J. G. C. & HENDRIKZ, B.	156
Precipitable water vapour relationship for South Africa, a surface dewpoint	119	SMALL, J. G. C. & VAN DE VENTER, H. A.	216
Precipitation annual totals for South Africa, the frequency distribution of	180	Smooth-surfaced spherical particles, application of particle model theory of reflectance spectroscopy to sample consisting of	219
PRINSLOO, H. P.	271	Snail species, fresh-water, in the Eastern Transvaal Lowveld, population fluctuations of and their relationship to known bilharzia transmission patterns	145
Projective Technique to assess brand image, use of a	211	Society and land use	262
<i>Protea cynaroides</i> , p-hydroxybenzoyl-callyranin; and antifungal substance in the root bark of	121	SOLOMON, L. <i>et al</i>	281
Pyruvic acid, release of on mild acid hydrolysis of <i>Klebsiella</i> exopolysaccharides	275	SOSKOLNE, C. L. <i>et al</i>	281
R		South Africa, computerised interpretation of ERTS-1 data in	114
RAFFNER, F. J.	347	South Africa, Danian marine rocks at Richards Bay	247
Raw meat, moisture loss of, in a cold store	76	South Africa, early Iron Age Site at Klein Afrika near Wyliespoort, Soutpansberg Mountains	271
Reasons for the non-occurrence of Middle Stone Age material in the Natal Drakensberg	273	South Africa, energy in	195
Reclamation of mining degraded land	296	South Africa, the frequency distribution of annual precipitation totals	180
Reflectance spectroscopy, application of particle model theory of, to sample consisting of smooth-surfaced spherical particles	219	South Africa, personal ornament in the Early Iron Age of the Transvaal: new discoveries at Broederstroom	218
Regionalization of industrial labour in South Africa	215	South Africa, regionalization of industrial labour in	215
Regulation of oxygen binding power of blood of <i>Labeo</i> species	314	South Africa, a surface dewpoint-precipitable water vapour relationship for	119
Release of pyruvic acid on mild acid hydrolysis of <i>Klebsiella</i> exopolysaccharides	275	South African brands of beer, use of a projective technique to assess brand image: an experimental study	211
Reprecipitation and heating of polymer fractions in fractionation by non-solvent addition, effect of	118	South African cities, identification of polynuclear hydrocarbons in the air of	24
Richards Bay, Danian (Palaeocene) marine rocks at	247	South African Fundamental Stations, determination of the values of gravity at and recommendations for the adoption of Standard Absolute Values	40
Riet River, date for a burial from	271	South African strain of <i>Schistosoma mansoni</i> , studies on	299, 327
Rietpan and Munro Sites, Vaal-Limpopo Basin, San Skeletal remains from	376	South West Africa, serum uric acid levels in a Nama (Hottentot) community	281
Rock paintings of Southern Africa, creatures with both human and animal physical features depicted in	13	Southern Africa, new mammal record for Genus <i>Mus</i>	315
ROGERSON, C. M.	215	Soutpansberg Mountains, early Iron Age Site at Klein Afrika near Wyliespoort	271
Role of globule leucocytes in the initiation of nephrocalcinosis in the baboon	249	Specific activities of hepatic nuclear endodeoxyribonucleases as influenced by administration of carbon tetrachloride and partial hepatectomy	205
Rossby waves in the Agulhas Current	212	Speleothems, isotopic contents of some Transvaal, and their palaeoclimatic significance	135
ROUX, D. G. <i>et al</i>	21	<i>Sphaerotheca fuliginea</i> , methods of assessing in terms of fungicide evaluation	7
Rustenburg District, Later Stone Age plant remains from Kruger Cave, Olifantsnek	376	Spherical particles, smooth-surfaced, application of particle model theory of reflectance spectroscopy to sample consisting of	219
S		Squirrel, Cape ground, <i>Xerus inauris</i> , albinism in	315
San (Bushmen) Last Stone Age, of the Vaal-Limpopo Basin	375	Standard Absolute Values, determination of the values of gravity at the S.A. Fundamental Stations and recommendations for the adoption of	40
San (Bushmen) skeletal remains from Munro and Rietpan Sites Vaal-Limpopo Basin	376	Statistics	291
Sand-apple and Mobola Plum, isolation and identification of -eleostearic acid in the kernels of	183	STEPHEN, A. M. & CHURMS, S. C.	275
<i>Schistosoma mansoni</i> , studies on the South African strain of	299, 327	Steroid synthons, the design of	174
SCHLEYER, M. E. <i>et al</i>	23	STEYN, D. J. <i>et al</i>	277
SCHOEMAN, S. <i>et al</i>	245	Stone Age (Last) San (Bushmen) of the Vaal-Limpopo Basin	375
SCHUTTE, C. H. J.	299, 327	Stone Age (Later) plant remains from Kruger Cave, Olifantsnek, Rustenburg District	376
SCHWEITZER, F. R. & TANKARD, A. J.	365	Stone Age (Middle) material in the Natal Drakensberg, reasons for the non-occurrence of	273
SCHWEPPEHAUSER, M. A.	312, 351	STOTT, R. S. H. <i>et al</i>	46
Science, universities and the decline of	259	STRASCHIL, B.	315
